EVER FALL OVER

a rickety wheelbarrow in the gloom of
a dark arbor on a ragged Saturday
night? With your arm full of mark-
etings, your head full of tomorrow
words, strike the thing, wheelbar-
row, two ribs south of its left hind
spoke-socket, start to fall, out a few
pinwheels, kiss the clunderpile that lies
to the starboard side of the arbor as
you shoot from reach of the last expir-
ing kick of the mad and dying wheel-
barrow. With an awkward turn the
basket of cold storage eggs, sour-
knot, and other fresh tropical fruit
spreads a beautiful rosette on the front
of your night Sunday shirt.
Well, such a conglomerate condition
would tangle a fellow, and say, I'm
tangled in a little net of business—
tangled up in a little lot of trusses,
shoulder braces and crutches. If I on-
ly had the club of misfortune I might
get out and make a few cripples but—
well—'nough's 'nough.
Crutches for cripples from 90c—
Trusses the best and all sizes from 85c.
Shoulder Braces, many styles, for lad-
ies and young men; a well fitting brace
adds to the symmetrical appearance.
The corset or lace back is the proper
thing in braces for girls. Prices from
65c to 2.50. My private office for the
showing of these goods.

ARRESTED.

George Fulkerson Taken to Parkers-
burg for Highway Robbery.

Monday night, in Parkersburg, three
men held up George Eckles and re-
lieved him of about \$6 in change. A
former Mariettan, George Fulkerson,
was among the suspects and the Park-
ersburg authorities telephoned here
for the police to be on the lookout for
him.

Officer James Roney saw Fulkerson
on Front street Wednesday about noon
and promptly arrested him and took
him to the city prison. He professed
ignorance of the cause of his arrest,
but he was held until Chief Cook, of
the Parkersburg police force, was noti-
fied that he was in custody.

The Chief, accompanied by Prosecu-
tor Laird, of Wood county, came up at
once. Fulkerson said he would not
leave the state without requisition, but
the Prosecutor made it plain to him
that it was best for him to go back to
Parkersburg without trouble, and he
concluded to return with them.

Fulkerson will be tried on the charge
of highway robbery.

Collis P. Huntington.

In the death of Collis P. Huntington
the country loses one of its greatest
railroad magnates. Mr. Huntington
was, at the time of his death, president
and principal owner of the Southern
Pacific Railway. Like most great men,
he came up from a poor boy, having
been born and raised on a farm, where
he earned his first money at seven dol-
lars per month. He received a com-
mon school education. He had great
confidence in humanity, his motto be-
ing, "Show a man that you believe in
him, and he in turn will show you that
you are not mistaken."

Mr. Huntington said that the secret
of his remarkable physical health and
preservation of mind was due to living
a cheerful life. Using his own words:
"I do not work hard, I work easily."

Picnic at Lowell.

On Saturday, August 25th, a grand
basket dinner and picnic will be given
at Lowell under the auspices of
Buell Lodge, No. 395, K. of P., of that
place. An interesting program has
been arranged, including addresses by
L. W. Ellenwood, of Marietta, and Dr.
Caine, of Caldwell. Music will be fur-
nished by Schlicher's well known band
of this city. Refreshments will be
served. An excursion will be run from
Marietta, the Sonoma leaving at nine
o'clock, standard time, and returning
at five o'clock in the evening. The
fare for the round trip will be thirty
cents.

Finger Lacerated.

A boy, whose name could not be
learned, yesterday had his finger badly
cut at the glass plant, in the east end
Wednesday afternoon. He was employ-
ed as carrier boy, and while perform-
ing his usual duties, was unfortunate
enough to have a heavy weight dropped
on his hand, which happened at
that time to be resting on a sharp edge
of a piece of glassware. The glass
penetrated the flesh and almost severed
the finger. He was put in a buggy and
taken to his home, where the injured
member received proper attention.

New Drug Store.

Dr. Mason, who was formerly a
member of the firm of Mason & Doer,
will open a new drug store on Tiber
Way some time this fall. The propos-
ed new dispensary of drugs will be
complete in every respect, and will be
under the supervision of Dr. Mason,
who has had abundant experience in
the apothecary line. Dr. Mason's
friends bespeak for him the patronage
of a wide circle of acquaintances.

Foot Injured.

Chas. Pape met with a painful acci-
dent at the new Peditinghaus building,
on Second street, Wednesday about
noon. His foot was caught between
the elevator and the sliding of the sec-
ond floor of the building and the great
toe was severely crushed. The injury
is not serious, but is quite painful, and
will inconvenience Mr. Pape for several
days.

A Train of Trolley Cars.

The Marietta Electric Company re-
ceived two more summer cars Tuesday
and yesterday they were unloaded and
placed on the tracks east of Seventh
street with the other cars. This makes
eight cars which have been received.

The Division of Wards.

It is stated upon good authority that
the question of dividing the Third and
Fourth wards into precincts has been
left to the Board of Elections and that
the matter will probably be taken up
at their next meeting.

Baptist Anniversary.

The seventh-fifty anniversary of the
Marietta Baptist Association will be
held at Caldwell, Noble county, Aug.
22 and 23. It is expected that special
rates will be granted by the Pennsylv-
ania Lines.

W. C. T. U. Meeting.

The Woman's Christian Temperance
Union will meet at two o'clock (Thurs-
day) afternoon at the First M.
E. church.

senting "The Bundle of Sticks," a

Fellowship.

THE BRIDGE.

Superstructure Rapidly Nearing Its
Completion.—Other Work
To Be Done.

During the past few days surprising
progress has been made in putting to-
gether the iron work of the big swing
span in the Putnam street bridge.

The main part of the work is done on
this span, and it now reaches from pier
to pier, although it still rests in part
upon the scaffolding upon which it was
built. The placing of the supports for
the sidewalk and street car track, and
the riveting together of the structure
still remains to be done, but will not
require much time for completion. The
span will be ready to turn within a day
or two, so that the channel will not be
obstructed for a much longer period.
Scaffolding is now being built on the
east side and work is also being done
on the abutment. Although the super-
structure is fast nearing completion,
there is a great deal of work in the
way of grading, filling, paving, etc., to
be done before the bridge will be
ready to open.

The Leader will keep the people in-
formed from day to day on all news re-
lating to the bridge, as well as every-
thing else, and whatever is published
in our columns may be depended upon
as being reliable.

Asks Judgment for Services.

Lizzie H. Jackson has filed her peti-
tion in Common Pleas Court against
A. L. Smith, administrator of the es-
tate of Eliza McAtee, deceased, asking
judgment in the sum of \$310 with in-
terest.

This amount she claims is due her
for services as housekeeper and nurse
for the deceased, performed at the lat-
ter's request. She states in the peti-
tion that she presented the bill to Mr.
Smith, the administrator, but he refus-
ed to allow it.

The amount represents 54 weeks ser-
vices at \$15 per week. Nye & Follett
represent the plaintiff.

Accidents come with distressing fre-
quency on the farm. Cuts, bruises,
sprains, strains. Dr. Thomas' Electric
Oil relieves the pain instantly. Never
saw without it.

Enjoyable Dance.

The crowd of young people who ex-
pected to spend last evening at Buck-
eye Park, did not go on account of the
storm. They had a very good time,
however, holding their dance at D. U.
Hall, on Second street.

ERUPTIONS AND SKIN DISEASES ARE A BLOT UPON

Beauty

These blots are actually blood blots. To
cure them lotions and outward applica-
tions are useless. The blood must be
cured, before the skin becomes clean.

That great medicine for the stomach
and blood, Dr. Pierce's Golden Medical
Discovery, is most effective in cleansing
the complexion and healing diseases
which defile and deface the skin. It
acts directly upon the stomach and the
organs of digestion and nutrition. It
increases the action of the blood-making
glands, and expels from the system the
lurking poisons which defile the blood
and through it deface the skin.

No alcohol or other intoxicant, no
opium or other narcotic is contained in
"Golden Medical Discovery."
It may pay a dealer better to sell you a
substitute which is less popular but more
profitable than the "Discovery." It
won't pay you to buy it, if you want a
reliable remedy.

For about one year and a half my face
was very badly broken out," writes Miss
Adams, of 116 West Main St., Battle Creek, Mich.
"I spent a great deal of money with doctors and
for different kinds of medicine, but received no
benefit. At last I read one of your advertise-
ments in a paper, and obtained a bottle of Dr.
Pierce's Golden Medical Discovery. Before I
had taken one bottle of this medicine I noticed
a change, and after taking three bottles I was
entirely cured. I can well recommend Dr.
Pierce's Golden Medical Discovery to any one
suffering similarly."

GEO. BLAKE'S STORE.

The weather Thursday, August 16, will
probably be showery.

The employees of H. Stern & Son's high
art custom tailoring establishment are
hired by the week, and a glance at the
pay-roll would certainly cause surprise
to use the mildest word possible. One
tailor showed a record of \$60 for a week's
labor; there were several at \$40 and a
very large number from \$30 up to the
last named sum. Pressers make as high
as \$30. Button Sewers \$16, and Felling
Hands \$15. There is not a person em-
ployed in the place who does not make
good wages if they are regularly at their
post on working days. What this means
in the making of a garment is too ob-
vious to require comment. It means
among other things high-class work,
or high-class people could not be em-
ployed.

The Star Clothing House.

levue, were in the city attending the In-
stitute yesterday.
